

IC3 SuperWest: State Significant Development Application - Approval to Increase Macquarie Park Data Centre Campus MW Load.

23 December 2024

Macquarie Technology Group Ltd (ASX: MAQ) is pleased to announce that its Macquarie Data Centres business has successfully received regulatory approval to amend its existing State Significant Development Application approval, for its Macquarie Park Data Centre campus, from 56MW to 63MW of IT Load. IC3 SuperWest is expected to represent 45MW out of the 63MW.

This proposed amendment was flagged in this year's full and half year results presentations, and the Placement Presentation dated 16 April 2024.

Construction of Phase 1 of IC3 SuperWest is currently underway and remains on track for completion in Q3 2026.

Authorised for release by the Board of Directors.
