

11 December 2024

Response to ASX compliance letter

Weebit Nano Ltd (**ASX: WBT, Weebit or Company**), updates its corporate governance statement and Appendix 4G for the year ended 30 June 2024, released on 28 August 2024.

ASX Listing Rule 12.7 requires an entity included in the S&P / ASX 300 Index to have an audit committee of the board of directors during the next financial year and comply with Recommendation 4.1 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (**Recommendation 4.1**), for the whole of that financial year. Recommendation 4.1 requires the audit committee to have at least three members, all of whom are non-executive directors and a majority of whom are independent. It also requires the audit committee to be chaired by an independent director, who is not the chair of the board.

Weebit was first included in the S&P / ASX 300 Index in March 2023. At each meeting of its audit committee for FY24, the composition of the committee complied with Recommendation 4.1. There was a period of non-compliance in the composition of the committee prior to its first meeting on 25 October 2023.

The 2024 Corporate Governance Statement on page 53 of Weebit's 2024 Annual Report was incomplete in not disclosing this issue with Recommendation 4.1 at the beginning of FY24, as required by Listing Rule 4.10.3. The Appendix 4G on 28 August 2024 incorrectly confirmed compliance with Recommendation 4.1. However, the Directors' Report on page 24 which the Corporate Governance Statement cross-refers to, correctly describes the attendance of meetings of the audit committee.

Weebit includes an amended Corporate Governance Statement and amended Appendix 4G with this announcement, fully complying with ASX Listing Rules 4.10.3 and 12.7.

Weebit acknowledges the above circumstances. Weebit has been compliant with the audit committee requirements for more than 12 months and has enhanced its external company secretarial capabilities to ensure complete and accurate disclosure in its Annual Report and Appendix 4G. Weebit confirms it is committed to implementing measures to prevent future occurrences, ensuring that all governance disclosures are accurate and compliant with relevant ASX Listing Rules and that appropriate verification procedures have been undertaken.

Weebit is dedicated to strengthening its governance framework and maintaining transparency with stakeholders, reaffirming its commitment to the highest standards of corporate governance.

2024 CORPORATE GOVERNANCE STATEMENT

current as at August 27, 2024 (including Amendments approved on 10 December, 2024)

The Board is responsible for establishing the Company's corporate governance framework. In establishing its corporate governance framework, the Board has referred to the 4th edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (Recommendations). This Corporate Governance Statement discloses the extent to which the Company follows each Recommendation. The Company will follow each Recommendation where the Board has considered the recommendation to be an appropriate benchmark for its corporate governance practices and the Board has made appropriate statements reporting on the adoption of that Recommendation. In line with the "if not, why not" reporting regime, where after due consideration, the Company's corporate governance practices do not follow a Recommendation, the Board has explained its reasons for not following that recommendation and disclosed what, if any, alternative practices the Company has adopted instead of those in the Recommendation. The Company's governance-related documents can be found on its website at www.weebit-nano.com under the section marked Corporate Governance.

Principle 1 – Lay solid foundations for management and oversight

Recommendation 1.1

A listed entity should have and disclose a board charter setting out:

- (a) the respective roles and responsibilities of its board and management; and***
- (b) those matters expressly reserved to the board and those delegated to management.***

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved to the Board and those delegated to management and has documented this in its Board Charter.

The responsibilities of the Board include but are not limited to:

- a) Providing strategic direction for the Company and directing and monitoring the Company's performance against strategies;
- b) Establishing goals for management and monitoring the achievement of those goals;
- c) Reviewing and overseeing the operation of systems of risk management;
- d) Ensuring the overall corporate governance of the Company, including conducting regular reviews of the balance of responsibilities within the Company to ensure division of functions between management and the Board remain appropriate to the needs of the Company; and
- e) Formation and monitoring of corporate governance policies, codes of conduct and Board committees.

In exercising its responsibilities, the Board acknowledges the many stakeholders in the operations of the Company, including the CEO and CFO, other employees, shareholders, co-ventures, the government and the community.

A copy of the Board Charter is publicly available in the Corporate Governance section of the Company's website at <https://weebit-nano.com/corporate-governance/>

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and***
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director***

The term of appointment for each Non-Executive Director of the Company shall be the period commencing on appointment and expiring when the Director is next required to stand for election by the shareholders or a period of 3 years, whichever is the lesser. At each Annual General Meeting of the Company, subject to ASX Listing Rule 14.4, at least one Director must retire from office, excluding a Director who is a managing director.

Board support for a Director's re-election is not automatic and is subject to satisfactory Director performance (in accordance with the evaluation process described for Recommendation 1.6).

The Company undertakes appropriate background and screening checks prior to the appointment of a Director and provides to shareholders all material information in its possession concerning the Director standing for election or re-election in the explanatory notes accompanying the notice of meeting.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The Company has a written agreement with each of the Directors. The material terms of any employment, service or consultancy agreement the Company, or any of its child entities, has entered into with its Chief Executive Officer, any of its directors, and any other person or entity who is a related party of the Chief Executive Officer or any of its directors will be disclosed in accordance with ASX Listing Rule 3.16.4 (taking into consideration the exclusions from disclosure outlined in that rule).

Contract details of senior executives who are KMP are summarised in the Remuneration Report in the Company's Annual Report.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Company Secretary is accountable to the Board, through the chair, for facilitating the Company's corporate governance processes and the proper functioning of the Board. Each Director is entitled to access the advice and services of the Company Secretary.

In accordance with the Company's Constitution, the appointment or removal of the Company Secretary is a matter for the Board as a whole. Details of the Company Secretary's experience and qualifications are set out in the Annual Report.

Recommendation 1.5

A listed entity should:

(a) have and disclose a diversity policy;

(b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and

(c) disclose in relation to each reporting period:

(1) the measurable objectives set for that period to achieve gender diversity;

(2) the entity's progress towards achieving those objectives; and

(3) either:

(A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or

If the entity was in the S&P/ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.

The Company is committed to creating a diverse working environment and promoting a culture which embraces diversity. Given the size of the Company and scale of its operations, however, the Board is of the view that a written diversity policy with measurable objectives for achieving gender diversity is not required at this time. Further, as the Company has not established measurable objectives for achieving gender diversity, the Company has not reported on progress towards achieving them.

Recommendation 1.6

A listed entity should:

(a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual Directors; and

(b) disclose for each reporting period whether performance evaluation has been undertaken in accordance with that process during or in respect of that period.

The Chairman conducts a review of Board performance at least once each calendar year. It is planned to undertake a review of performance of the Committees in FY25 after allowing some time for the Committee members to spend a period of time in their respective roles. The process usually involves the preparation of a questionnaire, to which Directors and Committee members respond anonymously, addressing matters relating to the conduct of meeting, the content of Board/Committee papers and other matters relevant to Board/Committee performance.

Recommendation 1.7

A listed entity should:

(a) have and disclose a process for evaluating the performance of its Senior Executives at least once every reporting period;

(b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

The performance of the Company's Senior Executives, including the CEO, is reviewed regularly to ensure that Senior Executive members continue to perform effectively in their roles. Performance is measured against the goals and Company performance set at the beginning of the financial year and reviewed throughout the year. A performance evaluation for Senior Executives has occurred during the year in accordance with this process.

Principle 2 – Structure the board to be effective and add value

The Board of a listed entity should be of an appropriate size and collectively have the skills, commitment and knowledge of the entity and the industry in which it operates, to enable it to discharge its duties effectively and to add value.

Recommendation 2.1

(1) has at least three members, a majority of whom are independent; and

(2) is chaired by an Independent Director.

And disclose:

(3) the Charter of the Committee;

(4) the members of the Committee; and

(5) as at the end of each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

The Company has established a Governance committee to undertake the functions of a Nomination Committee. These are outlined in the Governance Committee Charter, with a copy of the Charter published on the Company's website.

The Committee comprised independent Directors during the financial year Atiq Raza (Chairman), Ashley Krongold and Dadi Perlmutter. Independent Director, Mark Licciardo was a member of the Committee for the period 24 August 2024 until his resignation date on 5 October 2023. The Committee met during the financial year, as disclosed in the Directors Report.

The procedure for the selection and appointment of new Directors or the re-election of incumbent Directors, other than as outlined in the Company's Constitution or the Governance Committee Charter is detailed at Recommendation 1.2.

The Board may seek independent external advice in regard to its composition, when there is a required change (such as retirement or resignation).

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

The details of the skill set of the current Board members are set out in the biographies of each Director in the Directors' Report in the Annual Report. The Board has adopted the following Board Skills Matrix which sets out the mix of skills and diversity that the Board is looking to achieve in its membership. The Board Skills Matrix highlights the key skills and experience of the Board and the extent to which those skills are currently represented on the Board.

Skills and experience	Number of Directors/ Board

A listed entity should disclose:

(a) the names of the Directors considered by the Board to be Independent Directors;

The majority of the Board of a listed entity should be independent Directors.

As noted under Recommendation 2.3, the Board comprises six Directors of whom four are considered Independent Directors. The Board comprises a majority of independent directors and is satisfied that its current composition is suitable for the Company given its resources, size and operations. The current structure and composition of the Board has been determined having regard to the nature and size of the Company, the skill set of the Company's directors both individually and collectively, and the best interests of shareholders. The Board believes that independent judgment is achieved and maintained in respect of its decision-making processes. Furthermore, all directors are entitled to seek independent professional advice as and when required. All directors believe that they are able to objectively analyse the issues before them in the best interests of all shareholders and in accordance with their duties as directors.

Recommendation 2.5

The Chair of the Board of a listed entity should be an independent Director, and in particular, should not be the same person as the CEO of the entity.

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

The Board recognises that as a result of the Company's size and the stage of the entity's life, the Board has not put in place a formal program for inducting new directors. However, it does provide a package of background information on commencement and provides ready interaction with the Company's personnel to gain a stronger understanding of the business. The Board will define a specific training for new directors based on their background.

Principle 3 – Instill a culture of acting lawfully, ethically and responsibly

A listed entity should instill and continually reinforce a culture across the organisation of acting lawfully, ethically and responsibly.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

Dear Ms Sandham

Weebit Nano Limited ('WBT'): Breach of Listing Rules 4.10.3 and 12.7

ASX refers to the following:

- A. WBT's corporate governance statement for the year ended 30 June 2024 ('FY2024') released on the market announcements platform on 28 August 2024, together with WBT's annual report for the period.
- B. Listing Rule 4.10.3 which relevantly states:

*"The *corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the *ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its *corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period."*
- C. WBT's inclusion in the S&P/ASX 300 Index effective prior to the open of trading on 20 March 2023 as notified by the S&P Index announcement released on the market announcements platform on 3 March 2023.
- D. Naomi Simson's appointment as a non-executive director of WBT effective 1 September 2023 as stated in an announcement released on the market announcements platform on 24 August 2023.
- E. Listing Rule 12.7 which relevantly states:

"If the entity was included in the S&P/ASX 300 Index at the beginning of its financial year it must also comply with the recommendations set by the ASX Corporate Governance Council in relation to composition and operation of the audit committee for the whole of that financial year, unless it had been included in that index for the first time less than 3 months before the beginning of that financial year. An entity that is included in the S&P/ASX 300 Index for the first time less than 3 months before the first day of its financial year but did not comply with the recommendations set by the ASX Corporate Governance Council in relation to composition and operation of the audit committee at that date must take steps so that it complies with those recommendation within 3 months of the beginning of the financial year."
- F. Recommendation 4.1 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations ('Corporate Governance Recommendations') which states that the board of a listed entity should have an audit committee which:
 - has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and

-
- is chaired by an independent director, who is not the chair of the board.
- G. Page 53 of WBT's annual report in the section titled 'Corporate Governance Statement' under the heading 'Recommendation 4.1' which relevantly states:
- 'The Company has established a Finance, Audit and Risk Committee which is responsible for overseeing finance and audit matters.*
- The Committee comprised Independent Directors during the financial year Ashley Krongold (Chairman) and Executive Director, Yoav Nissan-Cohen. The Committee met during the financial year as disclosed in the Directors Report.'*
- H. Page 24 of the annual report in the section titled 'Directors' Report' which notes that David Perlmutter, Ashley Krongold and Naomi Simson were the only members of the WBT Finance, Audit and Risk Committee and each attended all 3 meetings of that committee held during FY2024.
- I. WBT's Appendix 4G released on the market announcements platform on 28 August 2024 in which WBT indicates that it had complied with Recommendation 4.1 for all of FY2024.

The precise composition of the Finance, Audit and Risk Committee over FY2024 is not clear from the annual report. However, ASX understands from correspondence with WBT that WBT was in breach of Listing Rule 12.7 for the period from at least 1 July 2023 to 1 September 2023 because the Committee did not meet the composition requirements in recommendation 4.1 of the Corporate Governance Recommendations in that period.

Further, WBT did not comply with Listing Rule 4.10.3 because WBT did not report in its corporate governance statement that WBT had not followed recommendation 4.1 of the Corporate Governance Recommendations for the full reporting period. WBT did not disclose the period during which the recommendation was not followed, WBT's reasons for not following the recommendation and what (if any) alternative governance practices WBT adopted in lieu of the recommendation during that period.

Action required

In light of the above, ASX requires WBT to prepare the following documents for release to the market under Listing Rule 18.8(a):

1. An announcement that explains the breaches outlined in this letter. The announcement must:
 - explain the circumstances giving rise to the non-compliance with Listing Rules 4.10.3 and 12.7;
 - state that the corporate governance statement and Appendix 4G failed to identify that WBT had not followed recommendation 4.1 of the Corporate Governance Recommendations for the full reporting period, and that the corporate governance statement did not include the information required to be disclosed under Listing Rule 4.10.3 when a recommendation is not followed; and
 - explain the arrangements that WBT will put in place to verify its corporate governance statement and Appendix 4G in future, and any other measures WBT will adopt to ensure its future compliance with Listing Rules 4.10.3 and 12.7.
2. A revised corporate governance statement which correctly addresses recommendation 4.1 for FY2024.
3. A revised Appendix 4G for FY2024.
